Dear parents and caregivers,

Room 8 Assembly

What a wonderful performance we were treated to last week from our Room 8 Pre-Primary class. Students sang songs about reading, counting and reaching for the stars. The students own stars on display were amazing and they are certainly finding ways to be great learners in our school. Room 8 students have certainly had a busy week with a visit to Mercy Care and trialling a new online Maths program – which they love!

School Development Day

Staff engaged in a very constructive day last Monday with curriculum areas and special programs reviewed for 2017 and planning for 2018. As we are finishing our first Business Plan cycle, analysis of targets in the current Business Plan and preparation of the new Business Plan for 2018 – 2020 has commenced. Staffing **and student numbers for 2018 are also being finalised so, once again, if you know your child won't be attending Bramfield Park in 2018 can you please advise the office as soon as possible.**

Sun Smart

Bramfield Park is a sun smart school and as such, all students are required to wear hats all year round. Given this time of year, it is imperative that our students are being sun smart. A new app has been released which lets you know when you need sun protection making it easier than ever to be sun smart this summer. With a few clicks on this free app, you get UV level and sun protection times for the day anywhere in Australia, along with the weather forecast, so you can be prepared for the day ahead. Visit the link below:

Sunscreen should also be applied regularly before students come to school to create the intended protective barrier. Students do have access to sunscreen at school that they can reapply at break times or before Phys Ed lessons. Sunscreen is not the only line of defence, however, and it is important to:

Slip on some sun-protective clothing that covers as much skin as possible – this offers the best protection.

Slop on broad spectrum, water resistant SPF30+ (or higher) sunscreen.

Slap on a hat – broad brim or legionnaire style to protect your face, head, neck and ears.

Seek shade.

Slide on some sunglasses – make sure they meet Australian Standards.

Book Fair

Thank you to Bex, Heather and the other helpers from the P&C for running this week's Buy one Get one free Book Fair. Many students have certainly enjoyed browsing the selection of books and receiving their second book free!

End of Year events

As you would expect the next four weeks of term are very busy with many events planned including class excursions, assemblies, Kindy 2018 orientation, Gold Card excursion, Big Day of Fun and our Parent Thank **You Morning Tea.** Please make sure you check emails, app notifications and your child's bag for information coming home.

Have a great week.

COMMUNITY ANNOUNCEMENTS

CORRECT SUNSCREEN APPLICATION

20 min
BEFORE YOU GO OUTSIDE

USE AT LEAST ONE TEASPOON PER EXPOSED LIMB

x1 = 5mL
One teaspoon is equal to 5mL of sunscreen

At least one teaspoon for each arm, leg, front torso, back torso, face (incl. neck & ears)

Ensure product is spread evenly across skin

THIS MEANS A FULL BODY APPLICATION* IS 35ML OF SUNSCREEN (OR 7 TEASPOONS)

x7 = 35mL

*35mL equals one full body:
→ Front of body
→ Back of body
→ Face, neck and ears

For Cancer Council 150mL tube, this is approx. 3 full body applications = 1 + 2 + 3

Always read the label. Use only as directed.

REAPPLY EVERY TWO HOURS
Or after swimming, sweating or towel drying

REMEMBER

KNOW YOUR UV
Use sun protection when UV levels are 3 or above

PATCH TEST
When using a sunscreen for the first time, test on a small section of skin first.

If irritation occurs, discontinue use. You can find more information or enquiries for sunscreen at cancer.org.au
